

MARIANI vs. BUSH

9/11 widow Ellen Mariani has filed a RICO lawsuit against Bush et al, charging them with foreknowledge of the attacks, failure to prevent them or warn the public, passive abetment for personal and political gain, intentional organized criminal activity, obstruction of justice, etc. Mrs. Mariani has refused the \$1 million in payoff money from the 9/11 Compensation Fund.

Statement of the Case

Ellen Mariani filed a civil RICO (Racketeer Influenced and Corrupt Organizations Act) action lawsuit against President Bush and other high level members of his administration based upon prior knowledge of 9/11; knowingly failing to act, prevent or warn of 9/11; and the ongoing obstruction of justice by covering up the truth of 9/11; all in violation of the laws of the United States.

A Message from Phil Berg, Attorney for Ellen Mariani

(Former Deputy Attorney General of Pennsylvania)

“Ellen Mariani and I are very disappointed with the 911 Commission Report as it does not deal with the full facts of 9/11. It is outrageous that after spending millions of dollars and interviewing thousands, that no one in our government is being held responsible for the murder of 3000 individuals.

“Meanwhile, many people in critical positions on 9/11 were promoted. Ellen and I are now even more determined to find the truth of 9/11 through the United States legal system.

“It is time for a non-violent revolution by the millions of Americans who are tired of their rights being diminished by the Bush Administration; tired of the lies of the Bush Administration; tired of the lies about Iraq; and tired and disgusted with the lies about 9/11. NOW is the time to stand tall together and bring back our freedoms as they stood under the Declaration of Independence, the Bill of Rights and the Constitution of the United States.”
